No. FNA 16-040 /2017

11 August 2017

Subject : Reschedule of Olefins unit 1 maintenance plan

To : President
The Stock Exchange of Thailand

According to announcement of PTT Global Chemical Public Company Limited ("The Company") regarding planned maintenance of Olefins unit 1 to change equipment during August to September 2017 which account for 17 days. The Company has reviewed equipment condition to optimize production efficiency and decided to postpone the maintenance by combining the shutdown with 5 years major turnaround interval in Q4/2018 from the original plan in Q1/2019. The postponed will shorten maintenance period and has no impact to production efficiency of the plant. As a consequence, the extended production unit; Oleflex and HDPE 1/1 will not require plant shut down for 29 days and 15 days, respectively, as previous announced.

Please be informed accordingly

Yours sincerely,
