No. FNA 16-032/2017

13 July 2017

Subject : Xylene Leaking from Aromatics plant unit 2

To : President

The Stock Exchange of Thailand

PTT Global Chemical Public Company Limited ("The Company") would like to inform that during the planned maintenance shutdown of Aromatics plant unit 2 in Rayong Province, xylene has leaked while doing the plant test run on 12 July 2017. The leakage was from flow sight glass in liquid flow process, flowing from distillation tower to underground tank which is a closed system. This equipment is used to monitor liquid flow under distillation tower of Aromatics plant unit 2. The Company reacted promptly to this situation and was able to control the situation and back to normal within 3 hours. In cooperation with the Pollution Control Department, result of air quality test shown that the air quality was within standard.

Please be informed accordingly

Yours sincerely,

A handwritten signature in blue ink, appearing to read "DUM", with a horizontal line underneath.

(Miss Duangkamol Settanung)
